Asalamu Alaykum

Respected Parents and Guardians

Re: Health Alert in Northern Suburbs

I am writing this urgent notice to you in response to the information released by the SA Department of Health with regard to the latest positive Covid-19 cases.

I humbly appeal to you if you have visited the below locations please inform the College immediately.

Location	Suburb	Date	Time
Fernwood Fitness	Salisbury Downs	Sat 1st August	6:00 -8:30pm
Agha Juice House	Blair Athol	Fri 31 st July	5:00 -7:30pm
Najafi Carpet Gallery	Kilburn	Wed 29th July	5:00-8:00pm

It is incumbent on you to seek immediate Covid-19 testing (even if you do not have any symptoms) and to self-isolate (along with close family members including your children) for 14 days from the day that you were at the location. It is imperative that you do not take any unnecessary risks; or endanger others. The College will support any families who need to self-isolate as best as we can by preparing work packages/online learning for your children.

I also request that you observe full isolation protocols if you have recently returned from New South Wales or Victoria. Moreover, it is imperative that you inform us accordingly.

The most important thing to us is the safety of our whole school community (students, staff and parents) as well as the wider Australian Community. Our school will continue to uphold safe practices and procedures to ensure the safety and well-being of all our stakeholders. May Allah SWT protect us from this virus and keep us safe, In Sha Allah Ameen!

I thank you all for your continued support. Please remember to keep your children home if they are unwell, have a cough, cold or fever. If students experience any of the above flu-like symptoms we will contact you to pick them up immediately.

If you have any concerns you can call the governments coronavirus information line on 1800 020 080, 24 hours a day, 7 days a week.

Jazak-Allah Khairun,

Dr Ahdielah Edries
Principal
Garden College
